- 2 PROOF** of hunter education.
- 3 HABITAT STAMP:** A 2020 or lifetime Habitat Stamp is required prior to buying a license or purchasing a qualifying license to apply for the draw for anyone ages 18–64.
- 4 QUALIFYING LICENSE:** Required for participation in the big-game draw.

**NOTE: A Social Security number is required for hunters age 12 and older.**

### LICENSE REQUIREMENTS

1. Bighorn sheep and mountain goat licenses are limited, available only by draw for specific units. Licenses expire on the date printed on them and are not transferable.
2. You can apply for one bighorn sheep license and one mountain goat license each year. **You cannot apply for a Rocky Mountain bighorn and desert bighorn in the same year.** The purchasing system will not process more than one bighorn sheep license in the same year.
3. **BIGHORN SHEEP:** If you harvest a Rocky Mountain bighorn ram (must have a half-curl or more), you must wait five years (sixth year after harvest) before applying for another Rocky Mountain bighorn ram license. During the five-year waiting period, hunters may apply for ewe licenses, but cannot accrue preference points. This rule does not apply if you harvest a ram with an auction, raffle or special sheep management license.
4. **DESERT BIGHORN SHEEP:** If you harvest a desert bighorn sheep, you cannot participate in future desert bighorn sheep drawings. It's once in a lifetime!
5. **MOUNTAIN GOAT:** If you harvest a mountain goat, you must wait five years (sixth year after harvest) before applying for another mountain goat license. This rule does not apply if you harvest a goat with an auction, raffle or special goat management license.
6. **YOUTH AGES 12–17** can hunt sheep and goat, but must meet hunter education requirements. Youth may also apply for a sheep or goat license, or preference point at age 11 if they will turn 12 before the end of the season on the license. **Youth cannot hunt with the license until they turn 12.** If a 17-year-old submits an application and then turns 18 prior to the start of the sheep or goat season for which they applied, they are still considered a youth and qualify for the youth license.  
Youth under 16 must hunt with a mentor. Mentors must be 18 or older and have a hunter education card, if born on or after Jan. 1, 1949. Mentors do not have to hunt. Youth and mentors must be able to see and hear each other without binoculars, radios, other devices or aids while hunting.
7. Ten percent of limited licenses are allocated to nonresidents.
8. It is illegal to make false statements to obtain a license or alter a license, and doing so voids the license.
9. Lost or destroyed licenses can be replaced by paying a replacement fee at any CPW location or license agent.

## MOUNTAIN GOAT IDENTIFICATION

#### ► BILLY (MALE):

Horns have bases that are close together and larger than the eye. Horns are heavy and have more curvature. Males stand and stretch hind legs backwards, with a slight arch in the back, to urinate. The scrotum may be visible from the rear when goats have short summer coats.

#### ► NANNY (FEMALE):

Horns have bases that are smaller or equal to the eye size. Horns are often thinner and straighter, with a curve at the ends. Females squat to urinate. The dark vulva patch may be visible when the tail is raised.

## MANDATORY BIGHORN SHEEP CHECK

1. All bighorns, including ewes and desert bighorns, must be inspected by a CPW officer or at a CPW office (*listed on inside front cover*) during regular business hours within five working days of harvest. License holders must personally present sheep with horns and skull intact. A harvest report will be completed at that time. A permanent plug will be inserted into the horn of bighorn rams.
2. All licensees (successful or not) must return a completed questionnaire within 30 days after a season ends. Licensees who do not complete the questionnaire become ineligible for future sheep licenses.
3. It is illegal to trade, transfer or sell ram heads, capes, skulls or horns unless CPW inspects and permanently plugs the horns. CPW permanently plugs only legally taken rams.

## MANDATORY MOUNTAIN GOAT CHECK

1. All goats must be inspected by a CPW officer or at a CPW office (*listed on inside front cover*) during regular business hours within five working days of harvest. License holders must personally present goats with horns and skull intact. A harvest report will be completed by the hunter at that time.
2. All licensees (successful or not) must return a completed questionnaire within 30 days after a season ends. Licensees who do not complete the questionnaire become ineligible for future goat licenses.

## HUNTER ORIENTATIONS

1. **ALL SHEEP AND GOAT HUNTERS:** All hunter orientation information for successful sheep and goat applicants can now be found online at [cpw.state.co.us/outreach-sheepgoat-resources](http://cpw.state.co.us/outreach-sheepgoat-resources). Learn about hunting techniques, game care and how to identify the sex of the animal through videos and other resources.
2. **UNIT S42 MANDATORY ORIENTATION:** All bighorn sheep hunters that hunt in unit S42 near Waterton Canyon must attend a mandatory unit-specific hunter orientation prior to hunting. Other special restrictions may apply for hunting this unit. The S42 orientation will be held Sept. 21 at 9 a.m. in the Denver Metro area. Details on location and agenda will be sent to all S42 hunters by mid July.

## LAND USE RESTRICTIONS & CLOSURES

It's illegal to hunt on private land without permission of owner/person in charge. It's illegal to hunt or fish on State Land Board properties without permission unless they are leased by CPW; please check your map carefully, as these areas are marked differently than other private properties.

**MT. EVANS HIGHWAY (UNITS G4 & S3):** Hunting is prohibited on Mt. Evans Summit Lake Cirque and within a half-mile of either side of the centerline of Mt. Evans Hwy. (Colo. 5) while the road is open to vehicle traffic from the intersection with Colo. 103 to the summit. When Mt. Evans Hwy. is closed to vehicle traffic, this hunting closure is lifted, except that the closure will remain in place year-round for ptarmigan hunting.

## CHECK FOREST CLOSURES

Projects on National Forest lands can impact access any time of the year. Closures of areas can change quickly and your hunting destination or access route may be affected. CPW is not responsible for Forest Service closures, and license refunds cannot be offered after the start of the season. Learn about closures and plan alternative routes and areas to hunt: Go to [www.fs.usda.gov/about-agency/contact-us](http://www.fs.usda.gov/about-agency/contact-us) (to find regional offices) or to the main website: [www.fs.usda.gov/goto/r2/huntfnfs-co](http://www.fs.usda.gov/goto/r2/huntfnfs-co)

Roads and trails were damaged by the 2013 flood in GMUs 7, 8, 19, 20 and portions of 29, 38 and 191. Motorized and foot access may still be limited. Project work could impact these and additional GMUs in the Arapaho and Roosevelt national forests. For more information, go to: [www.fs.usda.gov/goto/arp/hunting](http://www.fs.usda.gov/goto/arp/hunting)

## LEAVE YOUR PACK GOATS AT HOME

Diseases can be transmitted from goats to bighorns, even if your animals appear healthy. Some diseases can cause large-scale die-offs of wild bighorns. To prevent disease transmission, keep domestic goats out of areas occupied by bighorn sheep.

## TRANSPORTING GAME MEAT

1. Sheep and goats must have carcass tags properly and securely attached to carcass (not horns), unless it is 20 pounds or less of meat that is accompanied by a donation certificate. If carcass is in pieces, tag must be attached to the piece with evidence of sex naturally attached.
2. Harvested sheep or goats shipped by common carrier must be accompanied by either the license, a photocopy of license or carcass tag and (if less than 20 pounds of meat) a donation certificate.
3. Processed big-game meat must be accompanied by carcass tag or, if donated, a certificate.
4. If you transport someone else's game, animals must be properly tagged, or you can be cited. The upper part of the license must be kept by whoever took the animal. Carry a list identifying each hunter and animal.
5. Hunters transporting game through other states are encouraged to check with each state for specific carcass transportation regulations.

## DONATING GAME MEAT

Donation certificates are required for all donations. Certificates must contain names, addresses and telephone numbers of donor and recipient; donor's hunting license number; species and amounts donated; date the animal was taken; and donor's signature. The certificate can be a simple note; no special form is required. Certificate must stay with the meat until the meat is completely consumed. Donor and recipient are subject to all bag and possession limits.

**NOTE:** A "like license" is a license for exactly the same species, sex, season and method of take as a donor's license.

1. You can donate to someone **WITH OR WITHOUT** a like license:
  - a. any amount of processed and packaged game meat, anywhere.
2. You can donate to someone **WITHOUT** a like license:
  - a. up to 20 pounds of unprocessed meat, anywhere;
  - b. more than 20 pounds of unprocessed meat, only at recipient's home.
3. You can donate to someone **WITH** a like license:
  - a. up to 20 pounds of unprocessed meat, anywhere;
  - b. more than 20 pounds of unprocessed meat, anywhere, only if:
    - (1) recipient's license is unfilled;
    - (2) recipient's carcass tag is on the meat. This establishes recipient's claim to their portion of meat and voids their license. Donor's tag must remain with donor's portion.
  - c. the entire carcass, if:
    - (1) recipient's license is unfilled, and
    - (2) both the donor's carcass tag and recipient's like-license carcass tag is on meat, voiding both.

## EVIDENCE OF SEX

**1. MALES:** head with horns attached, testicle, scrotum or penis.

**FEMALES:** head, udder (mammary) or vulva.

2. It is illegal to have or transport big game, or a considerable part of it, without evidence of sex naturally attached. Evidence of sex must be attached to carcass until it is cut into processed meat (commercially or otherwise), wrapped and frozen or stored at licensee's home.
3. Head or intact skull of sheep and goats with horns naturally attached to skull plate must accompany the carcass.

## CARCASS TAGS

You must attach a carcass tag to animals you take per instructions on the tag. The tag must stay on the carcass until the meat is processed, and it must remain with the meat until consumed.

It is illegal to sign or tear the tag before take. If you lose, accidentally destroy or detach the tag, you must get a duplicate from a CPW location before hunting and prove the loss, detachment or destruction was accidental. Do not remove other parts of a license except the carcass tag after take. Doing so voids the license and you must buy a duplicate.

## LEGAL HUNTING HOURS

Legal hunting hours for sheep and goat are one-half hour before sunrise to one-half hour after sunset.

The sunrise/sunset chart below lists Denver times. Subtract 1 minute from opening and closing time for each 12 1/2 miles east of Denver. Add 1 minute to opening and closing time for each 12 1/2 miles west of Denver. (These changes assume that each degree of longitude equals 50 miles and a change of 1 degree of longitude equals a 4-minute change in sunrise and sunset times.)

# HUNTING LAWS

## ILLEGAL ACTIVITIES

If convicted of these felony violations, you can face a lifetime license suspension:

- 1. FELONY OFFENSE:** To kill and abandon big game. It is illegal to remove only the hide, antlers or other trophy parts and leave the carcass in the field.
- 2. FELONY OFFENSE:** To sell, buy, or offer to sell or buy big game.
- 3. FELONY OFFENSE:** To solicit someone to illegally harvest big game for commercial gain or provide outfitting services without required registration.

### IT IS ALSO AGAINST THE LAW TO:

- 4.** Establish a permanent structure or plant vegetation on CPW-owned land or waters. Only portable blinds and tree stands for big-game hunting can be erected on state wildlife areas, and no longer than 30 days prior to the season they will be used. No nails can be driven into trees. Man-made materials for blinds or stands must be removed within 10 days after the season they are used ends. The owner's Customer Identification number (CID) and dates of use must be visible on outside of portable blinds or underside of tree stands. Placement of blinds or stands does not reserve them for personal use; they may be used on first-come, first-served basis.
- 5.** Have a loaded (round in the chamber) rifle or shotgun in or on any motor vehicle. Muzzleloaders are considered unloaded if the percussion cap or shotshell primer is removed, or if the powder is removed from the flashpan. It is illegal to have a loaded electronic-ignition muzzleloader in or on a motor vehicle: The chamber must be unloaded or the battery must be disconnected and removed from its compartment.
- 6.** Carry firearms (except handguns) on an OHV during deer, elk, pronghorn and bear seasons, unless they are unloaded in the chamber and magazine. Firearms (except handguns) and bows carried on an OHV must be fully enclosed in a hard or soft case. Scabbards or cases with open ends or sides are prohibited. This does not apply to landowners or their agents who carry a firearm on an OHV to take deprecating wildlife on property they own or lease.
- 7.** Hunt carelessly, discharge a firearm or release an arrow with disregard for human life or property.
- 8.** Operate or ride a snowmobile with a firearm unless it's completely unloaded and cased, or with a bow unless it's unstrung or cased. Compound bows must be cased, not unstrung.
- 9.** Shoot from or use a motor vehicle, motorcycle, off-highway vehicle, snowmobile or aircraft to hunt, intercept, chase, harass or drive wildlife.
- 10.** Use aircraft to hunt, to direct hunters on the ground or to hunt the same day or day after a flight was made to find wildlife.
- 11.** Hunt under the influence of alcohol or controlled substances.
- 12.** Use artificial light as an aid in hunting wildlife.
- 13.** Use poison, drugs or explosives to hunt or harass wildlife.
- 14.** Fail to extinguish a campfire.
- 15.** Fail to make a reasonable attempt to track and kill animals you wound or may have wounded. It is against the law to pursue wounded wildlife that goes on private property without first obtaining permission from landowner or person in charge.
- 16.** Fail to prepare edible wildlife meat for human consumption. At a minimum, the four quarters, tenderloins and backstraps are edible meat. Internal organs are not.
- 17.** Shoot from, across or on a public road with a firearm, bow or crossbow. People firing a bow, rifle, handgun or shotgun with a single slug must be at least 50 feet from the centerline of the road.
- 18.** Party hunt (harvest someone else's game or let someone harvest yours).
- 19.** Interfere with hunters. This includes distracting or frightening prey; causing prey to flee by using light or noise; chasing prey on foot or by vehicle; throwing objects; making movements; harassing hunters by using threats or actions; erecting barriers to deny access to hunting areas; intentionally injecting yourself into the line of fire. Violators face prosecution and may have to pay victim's damages and court costs.
- 20.** Use computer-assisted remote technology (any device, equipment or software used to remotely control a weapon, including the Internet) to hunt or fish. Hunters and anglers must be physically present in the immediate vicinity while hunting and fishing.
- 21.** Use unmanned or remote-control drones to look for, scout or detect wildlife.
- 22.** For two or more people to use electronic equipment on the ground, in a vehicle or on a vessel while violating any wildlife law or regulation.
- 23.** Use smart rifles, including any firearm equipped with a target tracking system, electronically controlled, assisted or computer-linked trigger or a ballistics computer. Any firearm equipped with a scope containing a computer processor is considered to be a smart rifle.
- 24.** Use fully automatic rifles.
- 25.** Hunt big game over bait, whether or not the person hunting over such bait personally placed the bait. Bait means to put, expose, distribute or scatter salt, minerals, grain or other feed as an attraction for big game. Salt or mineral blocks used for normal agricultural purposes are not considered bait.
- 26.** Use live-action game cameras to locate, surveil, or assist in locating game wildlife in order to take/try to take game wildlife during the same or following day. (The use of live-action cameras is prohibited for hunting or scouting within a 48-hour period.) "Live-action game camera" is any device capable of recording and transmitting photographic/video data *wirelessly* to a remote device (such as a computer or smart phone). This doesn't include game cameras that record photographic/video data and store such data for later use, *as long as the device cannot transmit data wirelessly*.

## LEGAL METHODS OF TAKE

- 1. HAND-HELD BOW:** a long bow, recurve bow or compound bow on which the string is not drawn mechanically or held mechanically under tension. String or mechanical releases are legal if they are hand-drawn or hand-held with no other attachments or connections to the bow (other than bowstring).
  - a.** Hand-held bows, including compound bows, must use arrows with a broadhead having an outside diameter or minimum width of 7/8-inch, with a minimum of two steel cutting edges. Each cutting edge must be in same plane for entire length of cutting surface.
  - b.** Only legal hand-held bows allowed during archery seasons.
  - c.** Minimum draw weight: 35 pounds; let-off max: 80 percent.
  - d.** No part of a bow's riser (handle) or track, trough, channel, arrow rest or other device (excluding cables and bowstring) that attaches to the riser can contact, support and/or guide the arrow from a point rearward of bow's brace height behind the undrawn string.
  - e.** Bows can propel only one arrow at a time. No mechanisms that automatically load arrows are allowed.
  - f.** Scopes and electronic or battery-powered devices cannot be incorporated into or attached to a bow or arrow, with the exception of lighted nocks on arrows. Recording devices such as cameras or video recorders attached to bows may be used as long as they do not cast light towards the target or aid in range finding, sighting or shooting the bow.
  - g.** Hydraulic or pneumatic technology cannot be used to derive or store energy to propel arrows. Explosive arrows are prohibited.

### 2. CROSSBOWS:

- a.** Minimum draw weight: 125 pounds.
- b.** Minimum draw length: 14 inches from front of bow to nocking point of drawstring.
- c.** Positive mechanical safety device required.
- d.** Bolts must be a minimum of 16 inches long, have a broadhead a minimum of 7/8-inch wide and a minimum of two steel cutting edges. Each cutting edge must be in same plane for entire length of cutting surface.
- e.** Illegal in archery seasons.

### 3. MUZZLELOADING RIFLES AND SMOOTHBORE MUSKETS:

- a.** In-line muzzleloaders are legal.
- b.** Must have a single barrel that fires a single round ball or conical projectile.
- c.** From .40 to .50 caliber, conical bullets must weigh at least 170 grains. Round-ball bullets must be .50 caliber.
- d.** If greater than .50 caliber, bullets must weigh at least 210 grains.
- e.** Shotshell primers are legal.

- 4. RIFLES:** Must be a minimum .24 caliber (6 mm); have a minimum 16-inch barrel and be at least 26 inches long and fired from the shoulder. Must use expanding bullets that weigh a minimum of 70 grains and have an impact energy (at 100 yards) of 1,000 foot-pounds, as rated by the manufacturer. Semiautomatic rifles cannot hold more than six rounds in the magazine and chamber combined. Fully automatic rifles are prohibited.

- 5. SHOTGUNS:** Must be a minimum 20 gauge and must fire a single slug. Barrel length: minimum 18 inches. Overall length: minimum 26 inches.

- 6. HANDGUNS:** Must use a minimum .24 caliber (6 mm) diameter expanding bullet, with no shoulder stock or attachment. Must use only cartridge or load with a minimum energy of 550 foot-pounds at 50 yards. Barrel length a minimum of 4 inches.

## RESTRICTIONS

**CHILD SUPPORT DELINQUENCY:** State law requires a Social Security number to buy a license. It is not displayed on the license but is provided, if requested, to Child Support Enforcement authorities. Hunting and fishing licenses are not issued to those suspended for noncompliance with child support. Any current licenses become invalid if held by an individual who is noncompliant with child support.

**WEAPONS RESTRICTIONS:** Colorado and federal laws prohibit people convicted of certain crimes, including felony offenses and domestic violence-related offenses, from possessing weapons even for hunting. If you've been convicted of a crime, check with the appropriate Colorado and federal law enforcement authority to find out how these laws apply to you.

## PREFERENCE POINTS

**1. ONE PREFERENCE POINT IS AWARDED PER SPECIES APPLIED FOR** to hunters who apply properly and are unsuccessful in drawing a license for a first-choice hunt code for Rocky Mountain bighorn sheep and mountain goat in the draw.

**Note that preference points don't apply to desert bighorn sheep.** You may apply for a preference point as your first-choice hunt code (see below).

**2. YOUTH AGES 12–17** can apply for a point. Youth age 11 can also apply for a point provided they turn 12 in 2020.

**3. PREFERENCE POINT HUNT CODE:** You can gain a preference point as a first choice on your application to use another year; specific preference-point hunt codes are listed on pages 7 and 10. You can also choose other hunt codes as your second, third or fourth choices. *Do not submit a separate application for preference points, or both applications will be disqualified.*

### 4. PREFERENCE POINT FEE:

- If you apply for a preference point hunt code as your first choice or are unsuccessful in drawing your first choice hunt, you'll be charged a \$50 resident or \$100 nonresident preference point fee for Rocky Mountain bighorn sheep and mountain goat.
- You'll have the option to **OPT IN** or **OPT OUT** of paying the preference point fee while filling out your draw application(s). If you **OPT OUT**, you will not be charged the fee and will **NOT** acquire a preference or weighted point for 2020. This includes if you apply for a preference point hunt code as your first choice.

**5. IF YOU ARE ISSUED A FIRST-CHOICE LICENSE,** all accumulated preference points for that species become void and return to zero.

**6. ALL ACCUMULATED PREFERENCE POINTS FOR A SPECIES BECOME VOID** if you fail both to apply for that species and have not purchased a license for that species during any given 10-year period.

**7. SECOND-, THIRD- AND FOURTH-CHOICE HUNTS** don't use or generate points.

**8. THE MAXIMUM PREFERENCE POINTS YOU CAN ACCUMULATE** for Rocky Mountain bighorn sheep or mountain goat is three. If you have three points for Rocky Mountain bighorn sheep or mountain goat, and you fail to draw a first-choice license, you will receive weighted preference for that species.

**9. WEIGHTED PREFERENCE POINTS:** See above right.

**10. PREFERENCE POINTS ARE NOT TRANSFERABLE BETWEEN HUNTERS.** Points are awarded for specific species, not for hunt codes, sex, unit(s), season(s) or method of take.

**11. GROUP APPLICATION PRIORITY IS BASED ON THE MEMBER WITH FEWEST POINTS.** See "Apply as a Group" at [cpw.state.co.us/bg/planyourhunt](http://cpw.state.co.us/bg/planyourhunt).

**12. YOU CAN APPLY FOR A BIGHORN EWE LICENSE** if you are waiting the five years to reapply for a bighorn ram license (sixth year after harvest), but you cannot accrue preference points.

## WEIGHTED PREFERENCE POINTS

Rocky Mountain bighorn sheep, mountain goat and moose are the three species of big-game animals that use the weighted preference point system to award licenses in Colorado:

- Weighted preference increases your probability of drawing and applies to both male and female licenses.
- You can only accumulate up to three points for each of these three species. If you have three preference points and you fail to draw a first-choice license, you will receive weighted preference.
- Weighted preference is calculated by converting your application number into a different, random application number, then dividing that new application number by the number of weighted points you have, plus one. Individuals with three preference points and no weighted preference will have their application number divided by one.
- This generates a new application number. Applications are sorted by this new number from lowest to highest, and low numbers for each hunt code are awarded licenses.

**NOTE:** The preference point fee for Rocky Mountain bighorn sheep, mountain goat and moose applies to preference points AND weighted preference points. Go to [cpw.state.co.us/weightedpreference](http://cpw.state.co.us/weightedpreference) for more details.

## REFUNDS, REISSUES & EXCHANGES

[cpw.state.co.us/refunds](http://cpw.state.co.us/refunds)

- Sheep and goat hunters who need to return a license will have to do so **AT LEAST 30 DAYS PRIOR TO THE START OF THE SEASON** for which the license is valid by turning in their license at a CPW location, or postmarked to CPW Refund Office, 6060 Broadway, Denver, CO 80216. **NOTE: If you drew a license you would like to return, payment for the license is still required first. You can then return it for a refund or preference point restoration.**
- Application fees, the \$10.13 Habitat Stamp fee, qualifying licenses, and the preference point and weighted preference point fees are nonrefundable.
- Licenses that have been returned will be made available on the leftover list (after being offered to the next 5 applicants in line) at [cpw.state.co.us/leftover](http://cpw.state.co.us/leftover).
- All license exchanges will be charged a fee of fifty percent of the cost of the original license, not to exceed \$25.
- No refunds or preference point restorations are available on exchanged licenses.
- Exchanges can be completed at a CPW office or park up until the day before the season starts on the original license. Once a season starts, an exchange is no longer available.
- Exchanges cannot be completed until leftover licenses and OTC licenses go on sale.

## GET THE LEAD OUT

SEE THE CDHPE PUBLIC HEALTH STATEMENT: [www.colorado.gov/pacific/cdphe/lead-in-wild-game](http://www.colorado.gov/pacific/cdphe/lead-in-wild-game)

From the field to the table, ensuring your next harvest is safe for your family is important. Switching from lead bullets may be an option that's right for you. Science tells us ingesting lead can cause potential health problems over time. Risks are low for most people; however, you can also:

1. Use lead-free shot or bullets.
2. Choose a firearm with lower-velocity bullets, so bullet fragments don't scatter as far into the wound. Liberally trim and discard meat damaged by the bullet when you process an animal.
3. Clean your meat grinder between each animal. Lead is soft and can go through your grinder, contaminating an entire batch of ground meat. If you don't grind the meat yourself, speak with your commercial processor about their equipment cleaning process between animals.
4. Avoid eating game meat from animals harvested with lead bullets if you are pregnant. Children younger than 6 should also avoid it.
