DIRECTOR'S MESSAGE

Each year as I contemplate writing the Director's message, two things consistently come to mind. First, I am genuinely excited about the possible outdoor adventure opportunities that may result from a successful tag draw. Second, I consider how best to share the challenges and opportunities surrounding the Nevada Department of Wildlife, our customers, and the broader conservation community.

I believe that anyone applying for a big game tag experiences a sense of excitement about the upcoming adventures that a successful draw could bring. Despite our shared excitement, we may have different motives to apply for a tag and to get in the field. Multiple surveys have shown our motives are diverse and may include time with friends and family in the field, a source of lean and healthy organic protein to nourish our families, just being in nature, and the challenge of pursuit among other reasons.

Regardless of our motivations, we all have one thing in common. We are all part of the biggest conservation machine in the world. Conservation of species and many of the habitats on which they depend is almost entirely funded by those who choose to pay for the opportunity to engage in regulated hunting, regardless of their motivation.

Although our motivations may differ, we need to let the commonality of our contributions to conservation define us. Primitive weapon enthusiast or long-range shooter, recurve or compound archer, meat hunter or a hunter that holds out for a wall hanger, irrespective of your preferences and regardless of your age, gender, or method of hunting, we all share the title of Conservationist. Conservation of species and habitats will benefit more from unified ambassadors than from divisive antagonists. If you buy a license and apply for a tag, you are a member of a bigger effort than you may realize. You are a member of Nevada's conservation community and YOU FUND NEVADA'S CONSERVATION EFFORTS. We are all united in our contributions to conservation.

I wish each one of you luck in this year's big game tag draw and want to thank each of you for your contributions to the conservation of Nevada's wildlife and its habitat. Our success will continue as we allow our shared contributions to define us as conservationists and, despite potential differences, stand together as proud contributors and ambassadors for the conservation of species and habitats.

Sincerely,

Tony Wasley
Director, Nevada Department of Wildlife

QUALIFICATIONS FOR RESIDENT LICENSES

A person is considered to be a resident of the State of Nevada if he is a citizen of, or is lawfully entitled to remain in, the United States, and during the six months next preceding his application to the Department for a license, tag or permit, he maintained his principal and permanent residence in this State; was physically present in this State, except for temporary absences; and did not purchase or apply for any resident license, tag or permit to hunt, fish or trap in another state, country or province. A person who does not maintain his principal and permanent residence in Nevada but who is attending an institution of higher learning in this State as a full-time student is eligible for a resident license, tag or permit if, during the six months next preceding his application to the Department for a license, tag or permit, he/she: was physically present in Nevada, except for temporary trips outside of the State, and did not purchase or apply for any resident license, tag or permit to hunt, fish or trap in another state, country or province. A resident license, tag or permit issued by this State is void if the person to whom it was issued establishes or maintains

his principal and permanent residence in and obtains any hunting, fishing or trapping privilege or entitlement conditional on residency from another state, country or province. Principal and permanent residence means a place where a person is legally domiciled and maintains a permanent habitation in which he lives. The term does not include merely owning a residence in the state (NRS 502.015).

MILITARY STATIONED IN NEVADA

Any member of the Armed Forces of the United States who has been assigned to permanent duty, as opposed to temporary or casual duty, within the State of Nevada qualifies for all necessary hunting or fishing licenses, tags or permits for fishing, hunting or trapping in the State of Nevada. A like privilege must be extended to spouses and dependents, under the age of 21, of such members of the Armed Forces. All such licenses, tags or permits must be issued on the same terms and conditions and at the same costs as licenses, tags or permits are issued to Nevada residents, except that the 6 months' residence requirement must be waived (Per NRS 502.070).

NEVADA ELIGIBILITY INFORMATION

Jason Hopp with his 2018 bull elk.

MULE DEER

Eligible persons may apply for both antlered AND antlerless mule deer hunts, but may only obtain one (1) mule deer tag per year; OR eligible juniors may apply for the junior antlered/antlerless mule deer hunt.

ANTELOPE

Eligible persons may apply for both antelope horns longer than ears AND antelope horns shorter than ears hunts, but may only obtain one (1) antelope tag per year.

ELK

APPLYING FOR ELK

Applicants can apply for both antlered and antlerless elk in the same draw period. Additionally, if a person is interested they can apply for multiple antlerless elk hunts in the same draw but only draw one antlerless elk tag.

SPIKE BULL

An applicant is able to apply for both antlered elk and spike elk. However, they will only be able to draw one of the tags. Be advised that once a tag is drawn the other application becomes unsuccessful. There is the possibility an applicant could draw the spike tag instead of an antlered elk tag.

DEER AND ANTLERLESS ELK MANAGEMENT TAG COMBINATION APPLICATIONS

BACKGROUND

This antlerless elk management tag opportunity is intended to increase antlerless elk harvest without adding additional hunters and hunter congestion during existing mule deer hunt seasons. This antlerless elk tag is considered a "management" antlerless elk tag without any associated bonus points.

GUIDELINES

- Resident and nonresident mule deer applicants may choose to draw an additional antlerless elk management tag if they draw a deer tag.

- The season for the antlerless elk management tags issued in this method would be the same season dates as the deer tag.
- The antlerless elk management tag may be a select set of hunt units within the mule deer unit group depending on where the Department identifies the need for antlerless elk harvest (i.e., antlerless elk tag may only be good for Unit 061 or 062 within deer unit group 061 – 068).
- Management hunt tags will not earn bonus points.
- Nonrefundable application fees will be charged for the antlerless elk management application selection.

ELK ELIGIBILITY Q&A

Q: Can I put in for both a antlered tag and an antlerless elk tag?

A: Yes.

Q: How many elk tags could I obtain in the draw?

A: Only one antlerless elk tag and one antlered elk tag or spike elk tag.

Q: Can I apply for the antlered elk and the spike elk hunt in the same draw?

A: Yes, however, you can only obtain one tag. For example, if the spike elk application is drawn first the antlered elk application will become unsuccessful. We advise applying for bonus points for one or the other as an option.

Q: I put in for antlered elk. Can I apply for the spike elk hunt and the antlered elk depredation hunt in the same draw?

A: Yes.

Q: I am in a waiting period for antlered elk, can I apply for the spike bull hunt?

A: Yes.

Q: I am eligible for antlered elk. Can I apply for the antlered elk hunt, the combination antlered deer and antlerless elk management tag, a regular antlerless elk any legal weapon hunt, and the antlerless elk depredation hunt?

A: Yes. However you will be paying the nonrefundable application fees for each application you

submit. You will only be able to draw one antlerless elk tag. You could have a low draw number for the antlerless elk depredation hunt, draw that tag and all other antlerless elk applications will be unsuccessful. Your antlered tag application will still be processed and you could still draw that tag—so make your selections wisely.

Q: Can I earn bonus points on the spike elk hunt if unsuccessful?

A: Yes.

Q: Can I apply for both the spike elk hunt and an antlerless elk hunt in the same draw?

A: Yes. You could possibly draw both so make your selections wisely. Also, if unsuccessful for either hunt, bonus points will be earned separately on each.

Q: How many antlerless elk applications can I submit in the same draw?

A: You can only submit one application for each type antlerless elk hunt in the same draw. That means you could apply for an antlerless elk management tag in a combination hunt, antlerless elk hunt, and antlerless elk depredation. You will be paying the nonrefundable application fees for each application submitted and you will only be able to draw one antlerless elk tag.

RAM AND EWE SHEEP ELIGIBILITY Q&A

Q: I am eligible for a bighorn sheep ram hunt (Desert or California). Can I apply for the bighorn sheep ewe hunt?

A: Yes, if you are eligible for both. However, you will only be able to obtain one tag in the same subspecies. Be aware that if the ewe application is drawn first, the ram application will become unsuccessful and vice versa. One strategy is to put in for bonus points for one or the other hunts.

Q: I am eligible for a Rocky Mountain ram hunt. Can I apply for the Desert and California bighorn ewe hunt?

A: Yes. As long as you are eligible for those hunts.

NEVADA BIG GAME SEASONS

Limits and Hours

The limit is one animal per tag and the hunting hours are one-half hour before sunrise to one-half hour after sunset for all big game hunts, unless otherwise specified.

Important: The quotas listed are from the 2018 big game seasons. Big game quotas will not be set until the May 2019 Commission meeting in order to accommodate the most current data on big game herds. New hunts, dates or units added to a hunt are marked in *bold blue italics*.

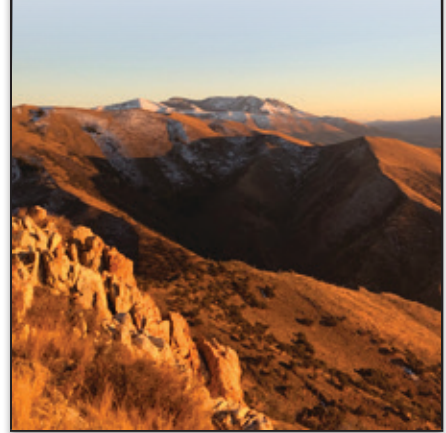

Note: Standard dates for opening and closing of seasons are set by calendar date and not based on a Saturday opening and Sunday closing.

Before you apply

The Department maintains several informational resources on our website at www.ndow.org to help with planning your hunt including: Hunter Information Sheets (facts on terrain, vegetation, land ownership, hunter access, map references, local services and recommended hunting areas), hunt application advisories, big game demand, hunter success rates, harvest point class and bighorn sheep age and scores.

SHED HUNTING REGULATION

The Nevada Board of Wildlife Commissioners has passed regulation prohibiting the taking or gathering of shed antlers from public land in Elko, Eureka, Lander, Lincoln, Nye or White Pine counties from January 1 - April 30 each year.

IMPORTANT INFORMATION FOR 2019

Helicopters and your Hunt

Each year, the Nevada Department of Wildlife conducts about 1000 hours of surveys with two Department helicopters to determine the productivity and distribution of wildlife species from mule deer to eagles. These aircraft are occasionally supplemented by contracted fixed-wing aircraft or helicopters to assist during high-demand periods. Wildlife surveys are essential to harvest regulation, and the Department strives to avoid conducting surveys during hunting seasons. Unfortunately, due to weather and demands associated with

optimal survey timing, the Department sometimes must conduct surveys during seasons when a hunt may be ongoing. We are asking hunters to recognize that a survey may occur during any open hunting season, although the Department will do its best to reduce this to the extent possible.

Notable Changes to the Application Process

- Big game main draw applications will be accepted until 11pm (pacific time) on Monday, April 29, 2019.
- Eligible persons may apply for both antlered AND antlerless mule deer hunts, but may only obtain one (1) mule deer tag per year; OR eligible juniors may apply for the junior antlered/ antlerless mule deer hunt.

- Eligible persons may apply for both antelope horns longer than ears AND antelope horns shorter than ears hunts, but may only obtain one (1) antelope tag per year.
- Harvested bighorn sheep ewes do not need to be physically inspected by the Department.
- Successful bighorn sheep ewe tag winners and mountain goat tag winners must complete a mandatory sheep and goat gender identification course prior to receiving their tags.
- Harvest return card questionnaires are not required if a harvested bighorn sheep ram, black bear, or mountain goat is physically inspected by the Department.
- Harvest return card questionnaires are required for all unsuccessful tag holders, even if they did not hunt.

ELIGIBILITY

Applying for Elk

Applicants can apply for both antlered and antlerless elk in the same draw period. Additionally, if a person is interested they can apply for multiple antlerless elk hunts in the same draw but only draw one antlerless elk tag.

Spike Bull

An applicant is able to apply for both antlered elk and spike elk. However, they will only be able to draw one of the tags. Be advised that once a tag is drawn the other application becomes unsuccessful. There is the possibility an applicant could draw the spike tag instead of an antlered elk tag.

JUNIOR MULE DEER HUNTS

ANTLERED OR ANTLERLESS

Junior youth tag holders can harvest an antlered or antlerless deer. This tag allows the junior hunter to hunt during the archery season when the unit is open for archery only; to hunt with a muzzleloader when the unit is open for muzzleloader only; and to hunt with any legal weapon when the unit is open for any legal weapon. If a junior hunt applicant is unsuccessful in drawing a tag, bonus points will be awarded for the junior hunt.

Note: Any bonus points accrued in the junior hunt will automatically transfer to the antlered deer category at the time the junior hunter becomes ineligible for the junior hunt by either age, or after 5 years of application for the junior hunt.

Junior youth must be 12 years old prior to the opening of each hunt choice applied for (usually Archery), and will not attain their 18th birthday until after the last day of the last season applied for (usually Any Legal Weapon). An eligible junior hunter may apply no more than 5 times.

Special Regulations:

- Tag holders, or their licensed guide if applicable, must call the Black Bear Harvest Information Hotline prior to hunting to determine if the hunt has been closed due to the harvest limit being reached. The number is 1-800-800-1667 and is accessible 24 hours a day.
- Black Bear indoctrination classes will be held on Saturday, August 17, 2019 and on Saturday, September 7, 2019. Both classes will be held from 1 pm to 4 pm at the Nevada Department of Wildlife's conference room, 1100 Valley Road, Reno, Nevada. Attendance at one black bear indoctrination class is mandatory for tag holders or their representative guides or sub-guides. A person represented by a guide or sub-guide at the indoctrination class may only hunt under the direct supervision of the guide or sub-guide who attended the class for them. Tags will only be issued upon completion of an indoctrination class.
- The Department phone number to call and report a harvested black bear is 775-688-BEAR. Leave a message.

NEW THIS YEAR

Successful bear hunters that have their harvest physically inspected at a Department office will not be required to return a hunter harvest questionnaire. Unsuccessful bear hunters will still need to complete the hunter harvest questionnaire.

PARTNERSHIP IN WILDLIFE (PIW) HUNTS (CR 19-07)

Partnership In Wildlife (PIW) is a voluntary and optional participation program that offers unique hunting opportunities for a few state-wide big game tags. A person with a PIW tag may hunt with an authorized weapon in any unit with an open season for the species listed on the tag during the season dates when that unit is open for that species and weapon class.

APPLICATION INSTRUCTIONS

Applicants who are eligible and apply for hunts in the big game main draw can also apply for PIW hunts for antlered deer, antelope horns longer than ears, Nelson (desert) bighorn sheep ram, antlered elk, and California bighorn sheep ram. The PIW application fee is an additional \$10 for each species, which is deposited into the Wildlife Heritage Trust Account.

FUNDS BENEFIT WILDLIFE HERITAGE TRUST

The funds raised through PIW applications are placed in the Wildlife Heritage Trust Account. Nevada statute allows 75% of the money deposited into this account and 100% of the interest earned on the account during the previous year to be used by the Department for the protection, propagation, restoration, translocation, introduction, and management of any game fish, bird, or mammal and the management and control of predatory wildlife in the state. The Nevada Board of Wildlife Commissioners is responsible for reviewing and approving expenditures from this account.

Every year a number of wildlife management projects are funded by the Wildlife Heritage Trust account. PIW promises to benefit Nevada's wildlife by providing financial support to the Wildlife Heritage Trust account and the sportsmen and women who support Nevada wildlife by providing additional, unique hunting opportunities that would not otherwise be available in the state.

muzzleloading-only hunt, however, it may not be used to hunt big game.

Note: Per NAC 503.146, the Department may issue a scope permit to a person with a visual disability which will authorize the use of a 1x magnification scope during a hunt that is restricted to archery or muzzleloading weapons only. Applications must be submitted to the Department on a form provided by the Department.

BOW AND ARROW NAC 503.144

To carry a bow with an arrow nocked on the bowstring while in or on any motorized vehicle (exceptions in 503.144). To hunt any wildlife with an arrow that has any chemical, explosive or electronic device attached.

**CROSSBOW
NAC 503.143**

Unless a tag holder holds an Archery Disability Permit, it is unlawful to:

- Hunt a big game mammal with a crossbow during either a 'bow-only' or a 'muzzleloader-only' hunt.
- Carry a cocked crossbow containing an arrow or a bolt while in or on any motorized vehicle while the vehicle is on a public highway or other public right-of-way.

Archery Disability Permit: A person with a permanent physical disability can now qualify for a permit that authorizes them to use a crossbow or a bow that uses a mechanical device that can anchor a nocked arrow at full draw or partial full draw during an archery hunt.

As used for this permit, "permanent disability" means a disability which prohibits a person from manually drawing and holding a legal bow at full draw. Contact your local NDOW Office for information.

**SIGHT ATTACHED TO
FIREARM OR BOW
NAC 503.145**

A sight attached to a firearm or bow that is used to hunt a game mammal or game bird, or a sight attached to a crossbow that is used to hunt a big game mammal, may be illuminated or powered by:

1. A battery contained within the sight;
2. Light-gathering fiber optics;
3. A radioactive isotope such as tritium; or
4. Iridescent or fluorescent paint.

It is unlawful for a person to hunt a big game mammal, a game mammal or a game bird with a weapon that is equipped with a sight that is capable of casting or projecting a beam of light that is visible to the unaided human eye from the sight to the animal.

**HUNTER EDUCATION
REQUIREMENTS**

Anyone born after January 1, 1960 is required to provide proof of Hunter Education, in order to purchase a Nevada hunting license. Proof of Hunter Education is an official Hunter Education card or certificate from any state or Canadian province, with the Hunter Education number and state or provincial logo or seal or a previous

year's hunting license with the Hunter Education number or mark. If you have taken a hunter education class in another state or Canadian province, verification must be provided. (NRS 502.330)

**BONUS POINT
INFORMATION**

WHAT IS A BONUS POINT?

An accumulated credit (or point) that authorizes the Department to issue an applicant additional computer generated random draw numbers during a draw. One point is accumulated for every application that is unsuccessful in the computerized draw for an established species category. The bonus point system grants an applicant one random draw number for each bonus point that has been accumulated going into the drawing for that species category. Each bonus point random draw number is in addition to the application random draw number. The total number of accumulated points is squared and added to the current application to arrive at the total number of random draw numbers that will be assigned to the application for that species category (e.g. Hunter has two bonus points entering draw: $2^2 (2 \times 2=4) 4+1$ (for current application) = 5. Applicant receives five random numbers for draw) This system provides applicants with an added chance of receiving a low random number in the draw, hence improving their draw odds, while still providing a chance (no matter how small) for any applicant.

**BONUS POINT PROGRAM
GUIDELINES
NAC 502.4187-4189
AND NAC 502.4225**

Residents and nonresident tag applicants receive bonus points for all hunts that have a quota set by the Wildlife Commission when they are unsuccessful in drawing a tag through the computerized random draw system. In addition to deer, elk, antelope, sheep, goat and black bear applicants also receive bonus points for wild turkey. Prior to applying or during the application process applicants must purchase the hunting or combination hunting and fishing license to earn bonus points.

Bonus points are awarded by specific species categories, each encompassing all separate weapons hunts available in that category. These categories are: antlered mule deer, antlerless mule deer, antlered Rocky Mountain elk, antlerless Rocky Mountain elk (antlerless elk), spike Rocky Mountain elk, Pronghorn antelope whose horns are longer than their ears, Pronghorn antelope whose horns are shorter than their ears, mountain goat and black bear. Rams, from each of the following subspecies: Nelson (desert) bighorn sheep, California bighorn sheep and Rocky Mountain bighorn sheep. Ewes, from each of the following subspecies: Nelson (desert) bighorn sheep, California bighorn sheep and Rocky Mountain bighorn sheep.

Those points cannot be transferred to another person or into another species category.

Applicants are only able to accumulate one bonus point per species category each year. So, if you applied for any legal weapon tag and were unsuccessful, and then applied for an archery tag in a separate draw, and were unsuccessful, you still only accrue one point because these are both in the antlered deer category.

However, if you apply for any legal weapon tag, and are unsuccessful, and then apply for a doe tag in separate draws, and are unsuccessful, you would receive a bonus point for each because they are in two different categories — antlered deer and antlerless deer. Depredation and management hunts do not earn bonus points.

Those applying as a "party hunt" will have their points averaged (total points of all hunters in the party, divided by the number of hunters) and rounded to the closest whole number. Bonus points are squared by species category, resulting in the number of draw numbers that an individual hunter or hunt party will receive in that drawing.

Except for tags issued during the first-come, first serve draw a hunter's bonus points revert to zero in a particular species category when he is successful at obtaining a tag or fails to apply for two consecutive years.

Because the draw numbers that determine whether or not a hunter draws a tag are generated randomly across all applications, there is no guarantee that a hunter will draw a tag for the species category because he or she may have more bonus points than anyone else.

**BONUS POINT
PROGRAM EXCEPTIONS
NAC 502.4187**

Bonus points are not awarded for depredation hunts or management hunts. (Refer to NACs 502.4188 and 502.4189)

**REFUND OF FEE FOR
HUNTING LICENSE
– LOSS OF BONUS
POINTS**

An applicant who fails to obtain a tag may obtain a refund of the fee for his/her hunting license if the license is not a combined hunting and fishing license and he/she:

1. Purchased the license solely to apply for a tag;
2. Does no hunting under the authority of the license; and
3. Submits the license to the Department on or before the last weekday of August of the year in which the license was valid. The Department shall accept the license only if it is received on or before that date.

Please be aware that an applicant will not be awarded any bonus points if they obtain a refund for their hunting license.

Any person who makes any false statement or furnishes false information to obtain any big game tag issued pursuant to the provisions of this title is guilty of a gross misdemeanor.

It is unlawful for any person to hunt, fish or trap using any hunting, fishing or trapping license
